EXCELLING IN LEADERSHIP

We are pleased to announce a powerful new leadership experience offering the unique opportunity to collaborate with fellow Chief Officers on how to tackle the current and anticipated challenges of the Third Sector in Northern Ireland and internationally.

Underpinned by the key principles of CO3's Framework for Leadership Excellence, this intensive residential programme will explore leadership theories and apply them to your live issues through action learning and the adoption of new practices.

Built on the values of the Third Sector and focussed on delivering outcomes, this programme will support you as you deal with a range of staff, client and stakeholder expectations and plan for the future.
